

**SCHS-School Governance Team**

**Agenda/Minutes**

**01/30/2019**

**1.) Dual Enrollment Update-Ms. Renee Herron**

Ms. Herron gave a detailed update of how things are going with dual enrollment. In the Spring of 2019 term we have 80 students involved in dual enrollment college classes and they are collectively taking 125 classes at Toccoa Falls, N. GA Tech, and Piedmont. The committee had many interesting questions and Ms. Herron did an excellent job with her explanations.

**2.) New form for Dual Enrollment-Ms. Herron**

Ms. Herron presented a simpler enrollment form for DE, which is required each semester to remain enrolled in dual enrollment. This form reflects the information required by the State of Georgia. The team liked the form. Mr. Kersh made a motion to adopt the new form, Ms. Rogers gave a second, and the team unanimously voted in favor.

**3.) Charter Funds Update**

The School Governance Team briefly discussed charter funds and the fact that by next meeting the team would like to consider ideas for how to spend the funds on “innovative” ideas that would benefit the entire student body.

**4.) Principal Opening Discussion**

The SGT discussed their ideas for filling the principal opening for the 2019-20 school year.
